CAYMAN BRAC HERITAGE HOUSE

The Cayman Brac Heritage House is a modern version of an old Caymanian home, featuring a wrap round verandah, trellises and even a fountain. In addition to a wealth of both native and imported trees and flora, artifacts include the Lazzari leather tannery troughs (vats), wells and a pump house.

Answer the question below.

What was the Heritage House built to protect?
A community shelter

Caymanite crafts are found at the weekly market.

Colour this piece of Caymanite.

CAYMAN BRAC DEPT OF TOURISM

Explore the DOT Nature Trail and discover some of the native trees that grow in Cayman Brac. Don't forget to stop by the tower — it's made from parts of the ship — M/V Captain Keith Tibbetts! The art on the tower tells stories of Cayman Brac's land and sea.

Answer the question below.

Why did they sink Captain Keith Tibbetts' ship?
To make an artificial reef

Find and name 2 native trees on the DOT Nature Trail.

1. **Tropical cedar**
2. **Silver thatch palm**

Design the Ships Tower!

Draw your own artwork below.

**Draw the tower
(it's the climbing
frame)**

Tree Match-Up

Draw a line to match the tree to its fun fact.

Silver Thatch

Used to make jam

Mahogany

Used to make rope and hats

Seagrape

Wood used for furniture
